Town Administrator Kinmond noted there are no minutes for a January 10, 2020 meeting.

Second Quarter 2020 Budget Review

Town Administrator Kinmond gave a summary of the second quarter budget and the committee reviewed the presentation. He stated about 40% has been expended for Planning Board and Legal; Emergency Management is at 735% expended due to the COVID-19 situation. Payments have been made for the Long Term Bonds and Notes. Chair Jarvis asked if the reevaluation will be completed by December 31. Town Administrator Kinmond stated there is a contract but it won't be paid until the hearings have been conducted and the reevaluation is underway with completion expected in October. Mr. Rosiello asked which line item under Personnel has been "frozen". Town Administrator Kinmond stated there were some positions which employees left and the Board of Selectmen chose to freeze those; Selectman Swenson stated the majority of funding which was frozen was on the road repair side but on the operational side, there was about \$10,000 from the Fire Department budget for repair to the ladder truck, which was delayed. Chair Jarvis asked if they anticipate to keep the lines frozen through the fiscal year. Selectman Swenson stated the Board will be discussing this at the next meeting but it is his opinion there won't be a release of the funds in the near future. Mr. Sullivan asked how much the unrecoverable legal fees are; Town Administrator Kinmond replied its in the \$5,000 range. Selectman Swenson explained the communications between towns and the school board relative to their budget and actual expenditures. He stated the board has indicated there may be some refunds, proportionally between the towns. Chair Jarvis asked if the perambulation lawsuit has been resolved; Town Administrator Kinmond stated the petitioner has withdrawn the lawsuit. He stated a staff member at Town Hall has been working on the perambulation project with the other towns. Mr. Rosiello noted there seem to be discrepancies for gasoline expenditures; Town Administrator Kinmond explained there have been some problems through the software transitions but they will be working to clear these up and the data will be provided when available. Chair Jarvis noted the line for Emergency Management is way over the budget but is in the process of being reimbursed. Selectman Swenson noted the Board of Selectmen is doing everything they can to keep TAN at \$1.
