Ms. Jarvis made a motion to approve Account 4915, Capital Reserve Funds, in the amount of \$214,000. Mr. Fanjoy seconded the motion. Discussion: Mr. Swenson confirmed this does not include the road CRF and is only the contribution portion of the CRFs. **Motion passed, 7-0-0.**

Mr. Swenson stated the Board of Selectmen will have decisions to make as to how these appear on the Town Warrant. He explained traditionally the CRFs are together, except for the roads, as are the ETFs but there has been discussion about separating out the Meetinghouse CRF to allow voters to make the decision on the long-term expense commitment. Mr. Swenson stated if anyone has input, to notify the Board of Selectmen, as the discussion will be taking place at a meeting early in January 2019.

Account – 4901 – Lands and Improvements/ Roads

Mr. Swenson explained the Board of Selectmen approved the amount of \$215,370 as a tax-raised portion of the road, although more than that will be spent which include monies from 2019 highway road block grant, and \$25,000 from the Road Construction CRF. Town Administrator Kinmond explained the total expense is in the amount of \$356,370. Chair Orlowicz outlined the proposed road projects: Valley Road – chip seal;

Old Bay Road – chip seal; completion of project for portion of Old Bay Road with 1” overlay; Ham Road – shim overlay and pavement repair; Valley Road – repairs at New Durham/Alton town line; engineering for wetlands permit on Middleton Road. Town Administrator Kinmond explained there was a meeting today to review some grant and funding options available for the RSMS program. It was noted the continued culvert work would be from 2018 funds, with one culvert being postponed to 2021.

Ms. Jarvis made a motion to approve Account 4901, Lands and Improvements, in the amount of \$215,370. Motion failed for lack of second.

Town Administrator Kinmond explained the total amount to be expended needs to be outlined in the motion.

Ms. Jarvis made a motion to approve Account 4901, Lands and Improvements, in the total amount of \$356,370, with \$116,000 to come from State aid grants; \$25,000 to come from the appropriate CRF and the remaining \$215,370 will be raised through taxation. Ms. Phillips seconded the motion. Motion passed, 7-0-0.

Anticipated Revenues

The committee reviewed and discussed the summary of anticipated revenues distributed by Town Administrator Kinmond. He explained the Board of Selectmen may use about \$60,000 of the unreserved fund balance to help out with the CRF and ETF contributions to offset the tax impact; that decision has not been made yet. Town Administrator Kinmond noted his projections for 2019 are higher than 2018 and explained the calculations, which reflect about \$60,000 increase. Mr. Swenson noted the Board of Selectmen approved a revenue amount of \$1,115,755, excluding any 3900 revenue accounts.

Other

Chair Orlowicz stated she was contacted by Diana Smith asked to speak to the committee about petition warrant articles being brought forward in Brookfield in cooperation with Ossipee and other towns, regarding the regional high school. They are trying to bring awareness of petitions to form a budget committee and to have the votes cast by the board members as well as the committee included on the warrant. The committee discussed having a meeting to hear what Ms. Smith has to say and Chair Orlowicz suggested it may be more appropriate for her to meet with the Board of Selectmen as the committee doesn't make any decisions about items on the warrant.
