Agenda Points

We are always looking for people to serve on committees to help with things that need to get done.

Several items were discussed to continue productivity:

- Look in to the progress with the insurance company on the misappropriations case.
- Get a solid process on how to go about getting liens put on properties
- Posting information about clearing for snow removal
- Look in to getting a phone number for the village for emergency contact
- Make sure all vendors have appropriate contact information and that all Village officials have the necessary log-ins for accounts
- Check in to the requirements for occupancy, especially where mobile homes are concerned
- See if there are any other grants for fixing pipes for the water system
- Create a pumphouse maintenance and pool maintenance document

We accepted Burrows bid to pave the section on Mountain Drive that was damaged by the firetrucks this summer.

It was also noted that Pat Grant requested an emergency meeting with Commissioner Skinner and Commissioner Todd. She was concerned about the misappropriations case. There was also issues with the content of meetings. At the conclusion of this meeting it was agreed that such meetings are no longer acceptable.
